

Watershed and Soil Maps in the Northwestern Olympic Peninsula, WA State

Water Bodies	Developed, med intensity	Grassland
Hydrological Flow Lines	Developed, high intensity	Pasture/Hay
Sub-watershed Boundaries	Barren land	Woody wetlands
Land Cover	Deciduous forest	Herbaceous Wetlands
Open water	Evergreen forest	High Slope Soils
Developed, open space	Mixed forest	Extremely Low
Developed, low intensity	Shrub/scrub	Drainage Soils

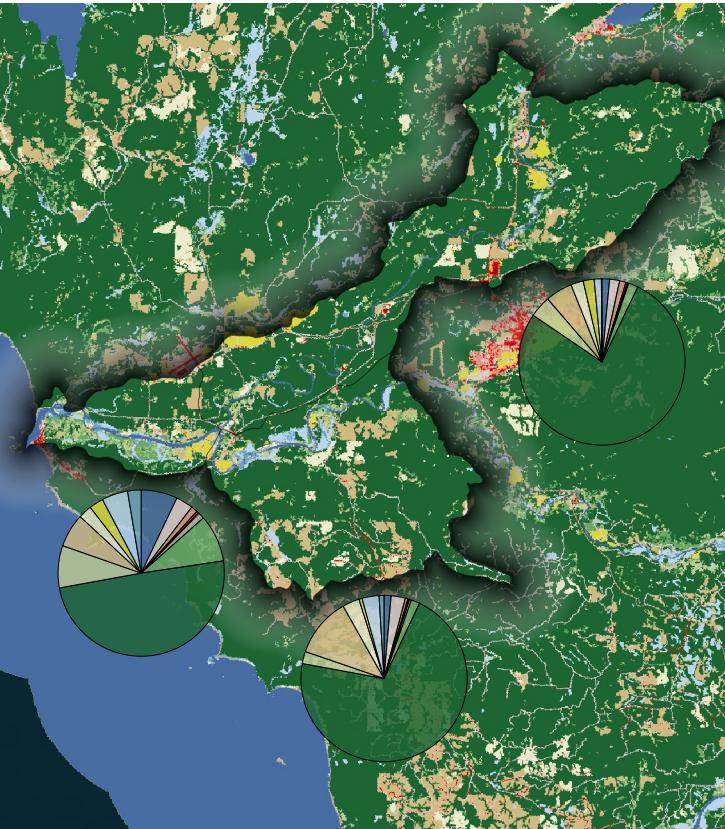

Hydrologic data courtesy of the USGS National Map
Land Cover data courtesy of the USGS National Land Cover Dataset
Elevation data courtesy of NASA EarthData
